

FreeFlex™ Emulgel

Curcumin, Boswellia serrata, Ginger, Oil of Wintergreen, Glucosamine, Chondroitin, Menthol

Provides relief from joint pain and stiffness

Relieves inflammation of the joints

Allows free movement of the joints

Provides lubrication around the damaged joint

Prevents further wear and tear of the joint

How to apply FreeFlex Emulgel

Apply 1gm of Gel on tip of the fingertip

Spread a thin layer of the gel around the joint and do not rub it in. Allow it to dry.

Apply the gel evenly on the sides and back of the joint. Avoid applying to the bone

For optimum effect, apply FreeFlex Emulgel twice daily, in the morning and evening.
